Following in the footsteps of those who resisted:
African Americans – Islam has always been here

- We've trivialized the suffering of African Americans in many ways
- Immigration and Nationality Act of 1965 is a product of the Civil Rights era.

Following in the footsteps of those who resisted: Catholic Americans – The Supreme Court

- In 1922, Oregon passed an initiative banning all private schools as they were not entrusted to “Americanize” immigrants... this was aimed at Catholic schools.
- *Pierce vs Society of Sisters* ruling in 1925 which allowed private schools
- Today 5 out of 8 justices are Catholic 😊

Following in the footsteps of those who resisted: The Jewish Question – The outrageous is possible

Jews can achieve political emancipation only if they relinquish their particular religious consciousness, since political emancipation requires a secular state, which does not leave any "space" for social identities such as religion. Such religious demands are incompatible with the idea of the "Rights of Man." – Bruno Bauer

- Jews were 0.75% of the German population.
- *"In this sense, it must be possible to face and understand the outrageous fact that so small (and, in world politics, so unimportant) a phenomenon as the Jewish question and antisemitism could become the catalytic agent for first, the Nazi movement, then a world war, and finally the establishment of death factories."* – Hannah Arendt
The Origins of Totalitarianism

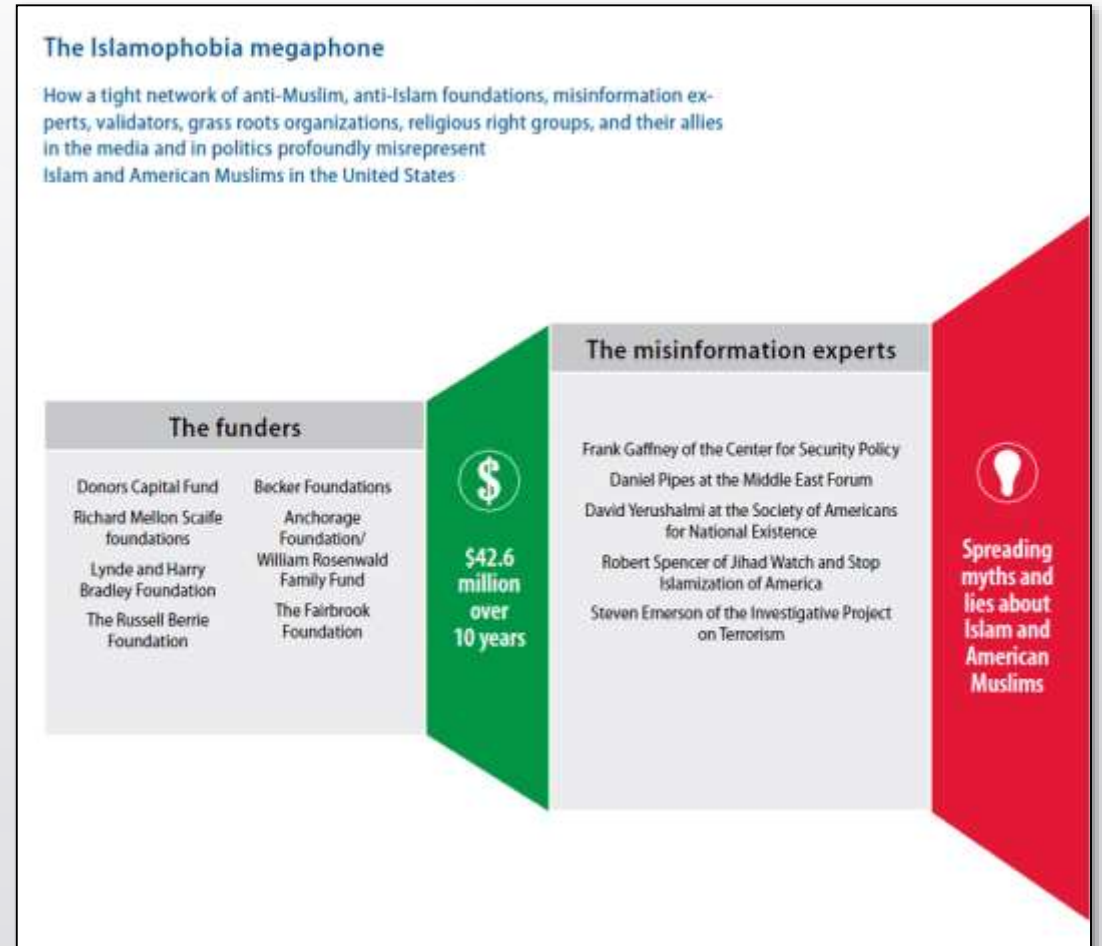

Following in the footsteps of those who resisted: Japanese Americans - Suspect by blood

- Executive Order 9066
- The Western Defense Command executive order applied to Italians, Germans and persons of Japanese American *ancestry*.
- We need to know Fred Korematsu and Min Yasui

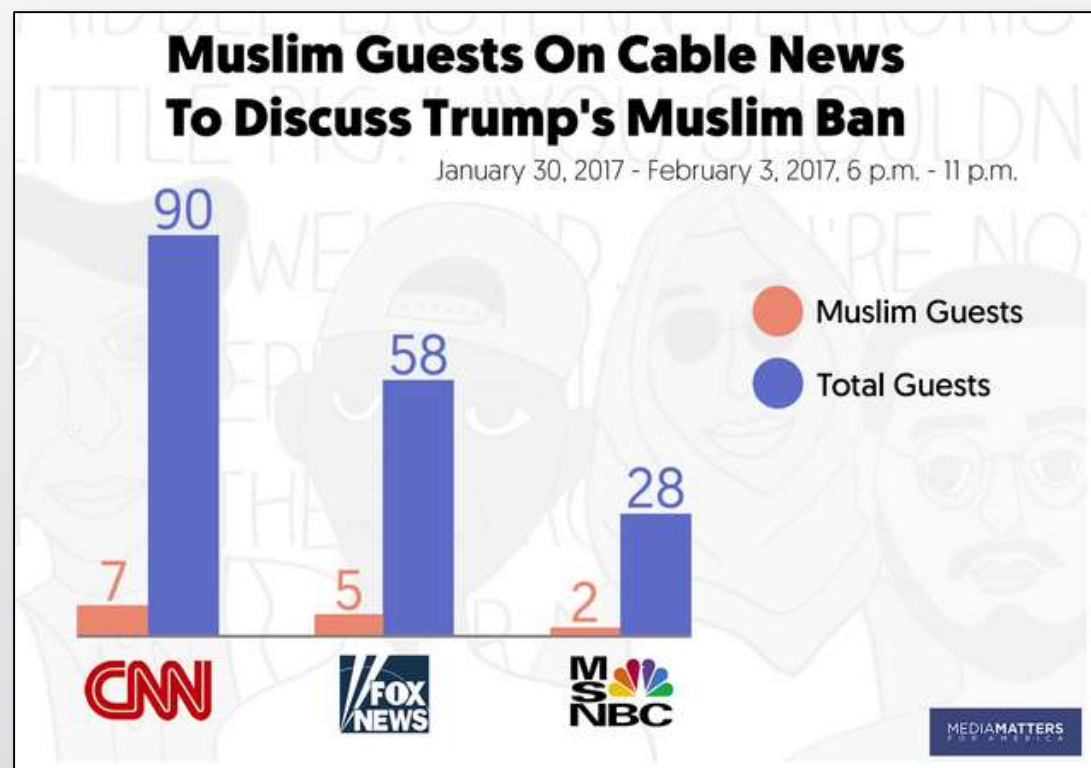

Islamophobia

- The irrational fear and/or hatred of Muslims
- It is *not* an accident or just part of regular bias it is a result of an organized campaign
- \$42.6 million spent on groups focused on anti-Muslim hate promotion between 2004 & 2009. \$119 million spent between 2008 & 2011
- Paying off: Unfavorable view of Islam and Muslims up from 26% in 2006 to 63% at times in 2014.
- Source: Fear inc. (1 & 2) report by the Center for American Progress

Otherization

- Malicious bias aside, many media outlets do not give Muslims a face/voice. This emphasizes the “otherness” of Muslims.
- They also contribute to the stereotype by only mentioning Islam when the story angle is negative.

What can we do to help

- Educate yourself and others about Islam:
 - outreach@mapsredmond.org for speakers about Islam and Muslims
- Use your voice (personal, professional)
- Bring Muslims to your tables of influence
 - info@cairseattle.org for Diversity Training
- Work together
 - Reach out to maps-amen@mapsredmond.org or CAIR-WA for organizing
 - Check out the detailed Action Sheet
